

GOVERNMENT CAPABILITY STATEMENT

UEI P1JYQLDBSXS7 · CAGE 21PB0

SAM Active

Location Orlando, FL

Turning AI potential into workforce performance.

CORE CAPABILITIES

Readiness & Strategy. Stakeholder interviews, readiness findings, prioritized use cases, and an adoption roadmap.

Responsible AI & Governance. Acceptable-use guidance, decision rights, risk review, and human-oversight criteria.

Workforce Training. Role-based instruction, practical exercises, reusable tools, and workflow templates.

Workflow Adoption & Change. Workflow redesign, leader and champion activation, and reinforcement.

Measurement & Sustainability. Adoption and proficiency measures, feedback loops, and sustainment plans.

WHY AXIS

- **Army veteran leadership** with 20 years of global enterprise learning and program experience.
- Section 508-compliant, agency-tailored materials and facilitator run-of-shows.
- Agency-approved tools and human oversight support responsible delivery.
- Hands-on practice and reusable resources connect training to daily work.
